

NEIGHBORHOOD NEWS

Ken's Corner

Hello all! With Covid seemingly on the wane, your Community Board of Directors feel a little better about moving ahead with the **Annual Neighborhood Residents' Meeting**. It is scheduled for **6:00 PM on March 9th at the Harbor View Presbyterian Church Fellowship Hall at 900 Harbor View Road**. The agenda will be reasonably short, leaving time for discussion, comments, and suggestions. One BOD seat will cycle following this meeting. We encourage interested neighbors to submit an application to serve on your Board. The form will be available at our meeting, as well as posted on our Site. The Election will be late in April.

Your Community remains in healthy financial shape; well over 90% of the scheduled 2022 Annual Assessment has already been received. Thanks again for the excellent stewardship example that we experience in our neighborhood.

Excitement remains high for the Miele Family, as Andy serves as Captain of the U. S. Men's Olympic Hockey Team – at this writing 2-0 in the Games competition with wins over China and Canada. We are all pulling for a GOLD Medal.

Home improvement projects often accompany Spring. All are reminded that Architectural Review Applications are in the pull-down menu at the Web Site. Your ARC will process applications as rapidly as possible.

The Community Social Committee is working on a Spring and Summer schedule. We will keep these activities going – great for fun for kids and adults, alike.

The landscape maintenance contractor has cut underbrush and trimmed trees on the Center Pond Island. Our Landscape Committee will be suggesting and installing plantings to enhance the appearance for those with property overlooking the Island.

Happy Valentine's Day!

Ken Thompson

HOA President
